### (III) Changes in principal accounting data and financial indicators and the reasons

√ Applicable      Not applicable

*Note:* The current period in the analysis below refers to the period from January to March 2023.

1. Debt investments increased by 624.50%, mainly due to the increase in the interbank negotiable certificates of deposit reserved by CRRC Finance Co., Ltd. (“**Finance Company**”) under the Company during the current period.
2. Tax payable decreased by 60.65%, mainly due to the payment of various taxes and fees by the Company during the current period.
3. Other current liabilities increased by 274.82%, mainly due to the issuance of super short-term financing bills during the current period.
4. Investment income increased as compared to the corresponding period of the previous year, mainly due to the increase in income from long-term equity investments accounted for using the equity method during the current period.
5. Net profit attributable to shareholders of the Company increased by 180.01% as compared to the corresponding period of the previous year, mainly due to the increase in product sales in the current period as compared to the corresponding period of the previous year and certain changes in the product mix.
6. Net cash flow from operating activities was a net outflow of RMB7.233 billion, representing a decrease of RMB1.785 billion in net outflow as compared with the corresponding period of the previous year, mainly due to the increase in cash receipts from sale of goods and rendering of services during the current period as compared with the corresponding period of the previous year.
7. Net cash flow from investment activities was a net outflow of RMB5.124 billion, representing a decrease of RMB515 million in net outflow as compared with the corresponding period of the previous year, mainly due to the increase in cash received from investment recovery during the current period as compared to the corresponding period of the previous year.
8. Net cash flow from financing activities was a net inflow of RMB5.388 billion, representing an increase of RMB1.563 billion in net inflow as compared with the corresponding period of the previous year, mainly due to the increase in cash received from issuance of bonds during the current period compared to the corresponding period of the previous year.

Revenue increased by 5.65% as compared to the corresponding period of the previous year, mainly due to the increase in the delivery of railway equipment business. The railway equipment business, urban rail transit vehicle and urban infrastructure business, new industry business and modern service business accounted for 26.69%, 22.58%, 46.63% and 4.10% of the revenue, respectively.

Details are as follows:

*Unit: RMB'000 Currency: RMB*

<b>Segment business</b>	<b>January – March 2023</b>	<b>Revenue For the same period of last year</b>	<b>Increase/ decrease</b>	<b>Increase/ decrease percentage</b>
Railway equipment	8,640,972	5,349,343	3,291,629	61.53%
Urban rail transit vehicle and urban infrastructure	7,310,158	11,107,957	-3,797,799	-34.19%
